

## **Product Data Sheet** GW20510

SYSTEM WHITE - Domestic range

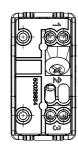

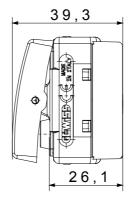

The System modular devices make it possible to create infinite combination between devices and plates, thanks to a complete range that is able to satisfy all design, functional and installation requirements. Colour and finiture: glossy white, bright and versatile

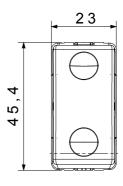

The range includes commands, socket- outlets, protection, indicators, connectors and devices for the control, safety and comfort of your home.

| Category  | Push-button                  | Button key  | Neutral                        |
|---|------------------------------|---|--------------------------------|
| Symbol  | -                            | Colour  | White                          |
| Description                                     | 1P NO - 10A                  | Voltage   | 250 V ac                       |
| Signalling unit                                 | -                            | Standard  | EN 60669-1                     |
| Resistance at test voltage                      | 2000 V at 50 Hz for 1 minute | Insulation resistance                               | > 5 MOhm                       |
| Wiring terminals                                | With screw                   | Prolonged operation switch (no.of position changes) | 40.000 at In 250 V ac cosφ=0,6 |
| Thermo-pressure with ball                       | 125 °C                       | Glow Wire Test                                      | 850 °C                         |
| Terminal grip on cable traction                 | > 50 N                       | Terminal tightening capacity stranded cables (mm²)  | min. 0,75 - max. 2x4           |
| Terminal tightening capacity solid cables (mm²) | min. 0,5 - max. 2x2,5        | No. SYSTEM modules                                  | 1                              |
| Material  | Technopolymer                | Electrocod  | 0130                           |
