

Adjustable Vertical Connector Ladder, HDG, Thickness: 1 mm, Height: 60 mm

Description

The cable systems' accessories offer to the entire cable system both, functionality and design advantages. Any of the accessories used is better and safer against cable slipping from the run while pulling and using, or cable damaging as may happen for on-site made accessories. Total versatile and certified system, gives the installation a high speed and quality.

Manufactured from different steel types and with different coatings, as per the project requirements and designation.
